

The remote SIELE exam is a reliable and secure system that allows you to obtain the SIELE Spanish certification without going to a Center.  
What are the steps to take the test?

### **Equipment**

PC (laptop or desktop), 32-bit processor (x86) or 64-bit (x64) minimum dual core 2 gigahertz (GHz) or more, 2GB RAM (4GB for 64 bits), 5 GB of free disk space.

Tablet or smart phone type devices are not valid.

### **Connection**

Wired or wireless. WIFI is allowed if it guarantees the quality of service.

### **Camera**

From the computer or a webcam connected to it.

### **Mouse and keyboard**

### **Operating system**

Windows 10.

Not available on Mac OS X Yosemite / El Capitan.

### **SIELE browser**

Downloading and installing the SIELE browser is essential to take the exam.

### **Audio interface**

That allows playback and recording, that is, it has a sound card, speaker and microphone.

### **Headphones**

**Any irregular behavior during the exam will imply its cancellation.**

### Before

#### Prepare the environment

The exam is done in a private setting; You have to be alone in the living room or bedroom.

Take care of the brightness of the environment; avoid reflections that could prevent the correct visualization of the examination situation.

Dress appropriately.

Check that there are no communication devices with the outside, with the exception of the mobile phone.

### During

#### If you have an **issue**

Quit the browser and run it again. The exam is recorded in real time and when you access it you will resume where you left off.

If you cannot solve the problem, contact the center using the same WhatsApp that you used to check the environment.

#### **Break** during Siele Global

The SIELE Global exam includes a 10-minute break between the Listening Comprehension (CA) and Written Expression and Interaction (EIE) tests. To resume the exam, make a new video call on WhatsApp with the center.

### At the end

Close the browser.

If you want to transfer any questions or incidents about the exam, contact the center through WhatsApp.

Track your rating from [My Page](#)

### Is totally prohibited

Leave the exam post.

Use supportive material.

Turn around or look at a place other than the computer screen.

Use the mobile phone once the exam has started, except for contact by WhatsApp with the center for incidents.

Cover your face and ears with elements. They must remain visible at all times.

Make suspicious movements.
